

CYCLE COUNTER FOR CONNECTABLE HYDRAULIC CRIMPING TOOLS

Counter is compatible with all hydraulic tools with **3/8NPT** and **1/4BSP** connections working at a pressure of **700 bars** (10 000 psi).

When connected between the tool and the quick release hydraulic coupling, it becomes part of the crimping unit. It allows monitoring of the tool to which it is connected.

CYCLE COUNTER FOR CONNECTABLE HYDRAULIC CRIMPING TOOLS

Specifications

Dimensions (without couplings): H=53 x w=50 x L=80 mm (L box alone = 50 mm).

Weight (without coupling): 620 g.

Communicating tool: three-color indicator/warning LED.

Micro-USB connection for computer monitoring.

Lifetime: 50 000 cycles.

Battery life: 5 years

Part number	Item code	Connection
KCHTA10M38NPT	7510029	2x3/8 NPT males
KCHTA10F14BSP	7510028	3/8NPT male + 1/4BSP female

Micro-USB connection

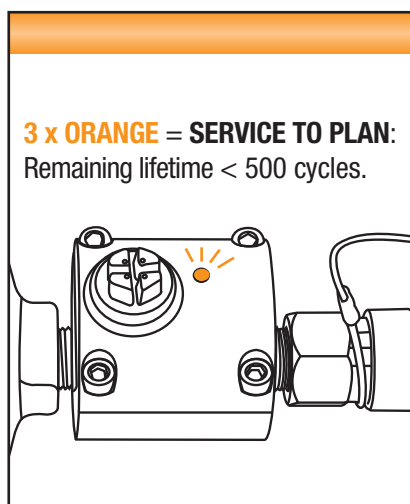

Micro-USB connection for access via the **CT Diag** software to the following information:

- Tool type
- Serial number
- Commissioning date
- Number of cycles
- Remaining number of cycles
- 10 last service interventions

3 color LED indicator gives information about the hydraulic tool condition (flashes 3 times after each crimping operation).

Enables monitoring and preventive maintenance during the whole lifetime of the tool:
